Clean Energy Conference 2016 Professional Training and Energy Expo!

The Clean Energy Economy Conference provides a unique forum for sharing information across two vast, adjoining regions of New York State: the Adirondack North Country and the Mohawk Valley. This year the conference will be holding a professional training event on Monday, June 13th, in conjunction with an Energy Expo.

Newport Partners is participating in the event and will be presenting the Energy Code Basics for Residential Buildings course from 1-5 PM on June 13th. For more information on the courses available and to register for the event, click the link below.

Become a Home Energy Hero!

The Home Energy Heroes program is designed to help you identify the home professionals who have invested their time and resources into training and education to understand the advanced building and energy codes and ensure their products and services meet or exceed these standards.

Many building professionals are already taking advantage of the opportunity to differentiate themselves from the competition. Learn about how Home Energy Heroes can help set you apart! Visit www.homeenergyheroes.com today!

**New York Energy Code
Training**

**New York Energy Code
Hotline Now Open!**

Newport Ventures and NYSERDA have developed a comprehensive training program to educate key stakeholders on various topics related to the new Energy Code. Our training will help you make sense of the code, understand its requirements, and provide you with information and knowledge to do your job better and more efficiently. Our courses carry AIA, DOS, and BPI credits.

For more info visit our [website](#) or call us at 518-377-9410 to schedule a training in your area!

On behalf of NYSERDA and in conjunction with TYLIN, Newport Ventures is now offering an Energy Code Hotline service to provide this support for the state's energy code stakeholders. Have a question about the Energy Code? Our experts are available 8:30AM-4:30PM Monday-Friday and can be reached via phone or email. Call us today!
