

Newport Ventures, in conjunction with NYSERDA provides education and support for Energy Code stakeholders throughout New York State.

INSIDE THE ENERGY CODE

New Classes Available!

Newport Ventures, in conjunction with the **New York State Energy Research and Development Authority (NYSERDA)** provides training and education for New York's building professionals on topics related to the New York State Energy Code. Newport has been conducting these trainings across the state for the past two years and is happy to announce several new classes to the curriculum. Newport has training courses designed for both Code Officials and Construction Trades audiences. All of our courses carry DOS and AIA credits.

New Courses:

Plan Review: Best Practices & Field Inspection Techniques & Procedures for Residential Buildings- 4 Hours

Mechanical Systems: Best Practices for Residential & Commercial Buildings - 4 Hours

Coming Soon:

Plan Review: Best Practices & Field Inspection Techniques & Procedures for Commercial Buildings- 4 Hours- Code Officials

Energy Code Compliance Options & Best Practices- 4 Hours- Construction Trades

For a complete list of our class offerings, to inquire about currently scheduled classes, or to schedule a class for your group, please visit [our website](#).

Plan Review and Inspection

Confused by the Energy Code? Get help from NYSERDA and its team of partners—TY Lin International, Newport Ventures, Steven Winter Associates, the Institute for Building Technology and Safety, and the International Code Council—to provide the following free opportunities to code officials, architects, engineers and builders:

- **Plan reviews:** Fast, thorough Energy Code review and advice on active permit applications.
- **Field inspections:** Meet with an expert specialist at an active job site for answers and advice on inspecting for Energy Code compliance.
- **1-on-1 consultations:** Meet in-person, online or over the phone for a closer look at your plan review and field inspections.

The team is highly experienced with code enforcement in New York State, staffed by professionals certified by the Department of State and/or the International Code Council.

Contact Scott Copp, email: planreview@tylin.com or phone: **585-512-2000**, or visit <https://nyserdacodetraining.com/services.php>.

The Home Energy Heroes program recognizes builders and trade contractors who are investing in education and training to stay up to date with the Energy Code, learn new building practices, and help ensure quality, efficient, and durable

Have a question about the Energy Code? Our team of code experts is well versed in the code requirements and the development of these standards and is ready to address your questions and/ or inquiries for both residential and commercial buildings.

Experts are available 8:30AM-4:30PM Monday-Friday. Contact us today!
